CGPA 7.48

Bachelor of Computer Applications (BCA) Smt Maherbanu College of Science & Commerce,Akola

2019 - 2022

percentage : 78.53%

WORK EXPERIENCE

Junior Software Developer Fladdra Technologies

03/2024 - Present

pune

Responsibilities:

- **Feature Development:** Designed and implemented key features, such as secure user authentication and vehicle management modules, to improve user experience and system security using Django REST API and React/Next.js.
- **UI/UX Design:** Developed responsive and user-friendly interfaces with React and Next.js, enhancing user satisfaction and engagement.
- **Backend Integration:** Integrated backend services using Django REST API to ensure seamless data flow, robust performance, and efficient system operations.
- **Testing & Debugging:** Conducted thorough testing, identified bugs, and optimized performance.
- **Admin Dashboard and User Management:** Designed and implemented admin panels and dashboards. Allowing efficient management and control for admin users.
- **Technologies Used:** Django REST Framework, React, React Native, Next.js, Node.js, Firebase, ChatGPT API, RESTful APIs, PostgreSQL.
- **Collaboration & Agile Practices:** Worked closely with cross-functional teams in an Agile environment, participating in sprint planning, code reviews, and daily stand-ups to ensure timely delivery of high-quality features.
